**What is Feedback?**

Education is the most important part of our life. The kind of education one receives largely depends upon the kind of teachers one has. Therefore the self evaluation is necessary in order to improve the quality of education in the institute. In our institute five types of feedback form were designed to collect the response from student about teacher and curriculum and also to take the opinion of alumni and parents. We are also be tried to know the thought of students after the examination about result and college system. The feedback form was prepared and the ends of the year, the response from the student were collected. A feedback committee was constituted by the Principal of our college.

**Why feedback is important?**

Effective feedback, both positive and negative, is very helpful. Feedback provides valuable information that will be used to make important decisions. And we know that feedback is helpful only when it highlights weaknesses as well as strengths. Effective feedback has benefits for the giver, the receiver, and the wider organization. Here are five reasons why feedback is so important.

- Feedback can motivate
- Feedback can improve performance
- Feedback is a tool for continued learning
- Feedback is always there
- Feedback is effective listening

**How to Feedback taken and analysis procedure?**

The feedback was collected from the students during the academic sessions from 2015-2020. Students were asked to fill up the feedback forms about curriculum and rate the performance of their in different parameters on four point scale and give their opinion by putting a tick mark in feedback form against each parameter. On the basis of the filled feedback forms, percentage score was explained below.

Rating	Meaning
A	Very Good
B	Good
C	Satisfactory
D	Dissatisfactory

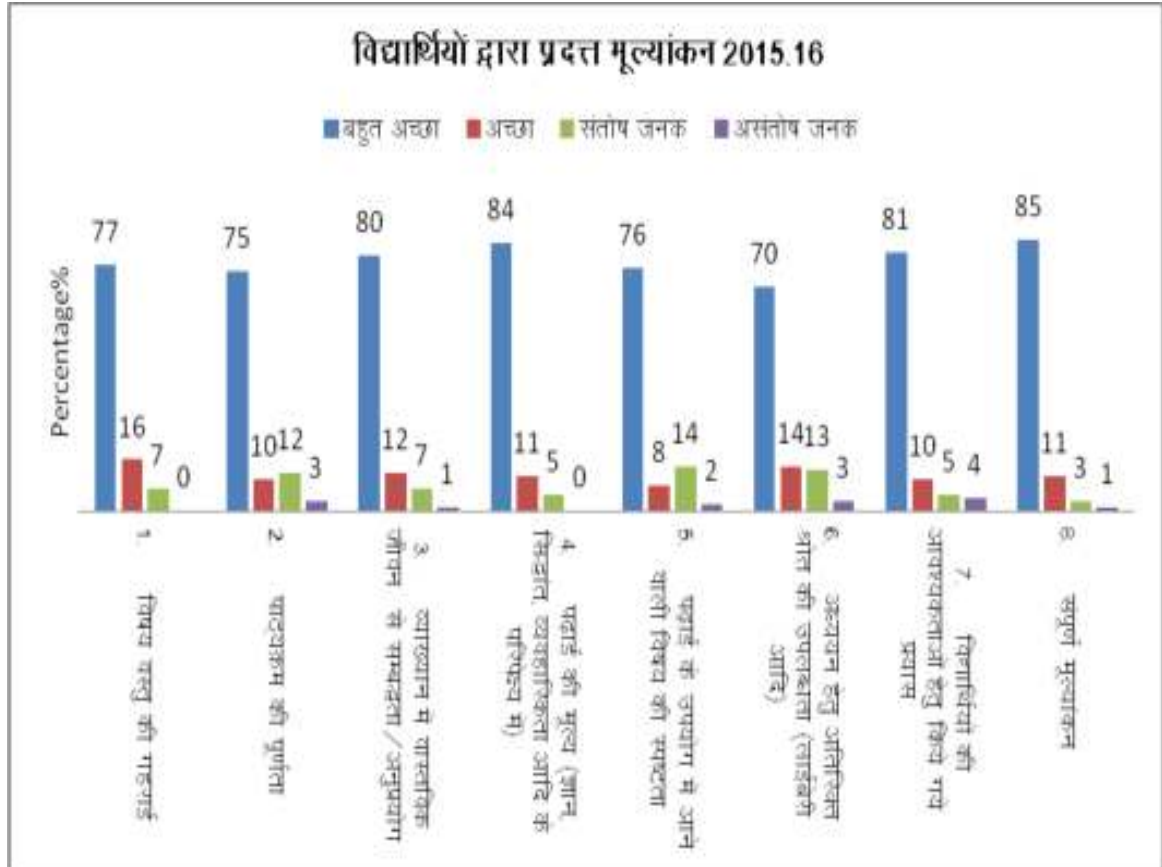

In the feedback form the total score is calculated by counting the number of A, B, C, D received by us. Thus on the basis of data collected and scoring the percentage for all regular UG and PG classes with alumni & parents feedback was analyzed. Analysis of the all feedback form action was taken by our principal and feedback committee. Feedback scores explained below.

➤ FEEDBACK FROM PARENTS

FEEDBACK FROM ALUMNI

## CONCLUSION

- Graph obtained from the collected feedback forms shows that most of the students find that the level of education is very good and teachers have deep knowledge of subject matter.
- Most of the students gave feedback that overall performance of college is good.
- Suggestion was given that there should be more use of technology in teaching process.
- More guest lectures and special workshops should be organized
- There should be more advanced laboratory facility.
- Number of books in library should be increased.

## ➤ DECISIONS AND ACTIONS TAKEN

- To encourage teacher to use technology in teaching.
- To increase number of books in the library.
- The results of the college should be progressively improved.
- Efforts should be made to develop the college infrastructure.
- A clean environment should be created in the college.
